LogiSync Among 101 to Receive 2013 Leading EDGE Award for Value Creation in Northeast Ohio

Elyria, OH: LogiSync LLC, a provider of embedded hardware and software solutions for the Industrial Internet of Things was among an elite group of 101 Northeast Ohio mid-sized companies to be recognized at The 2013 Leading EDGE Awards on May 23 at Lorain County Community College in Elyria, Ohio. In its seventh year, this prestigious award was developed by The Entrepreneurs EDGE to recognize value-creating, mid-sized companies in the region. Qualifying companies operate within the 17 counties of Northeast Ohio and generate revenues up to \$750 million, a portion of which must be outside the region.

LogiSync LLC is an embedded hardware and software solutions provider located in Avon, a western suburb of Cleveland, Ohio. Established in 1993, LogiSync provides its customers with M2M, Internet of Things, and Industrial Internet solutions for new product designs or to upgrade existing products. LogiSync's solutions enable sensors, devices, and equipment to be remotely monitored or controlled over existing networks. LogiSync's time-proven development processes and existing technology benefits customers through drastically reduced time to market and lower risk for introducing new products.

LogiSync's design services, products, and technology are used by leading OEMs in multiple industries such as, building automation, food service equipment, medical equipment, industrial and process controls, transportation, power and energy, defense and aerospace, and consumer electronics.

Made in the USA—LogiSync products are designed and built in Northeast Ohio.

U.S. Headquarters: 1313 Lear Industrial Parkway Avon, Ohio 44011 United States
